

3D Visualiser (middle-weight)

We are looking for a creative and personable 3D Visualiser, who is passionate about their work and looking for a new and exciting challenge in a diverse and creative London office. In this position, you will be involved in all areas of the design process – from the initial concept stage right through to the final image production.

Design International is an architectural practice based in London, with branch offices in Milan, Shanghai and Dubai. We operate on a global scale and provide our clients with innovative and ambitious design solutions, with a particular focus on retail, mixed-use and hospitality architecture.

Key responsibilities of the role will include:

- Producing computer generated 3D artwork such as images and models for contracted projects according to the client brief on time and on budget in collaboration with the architects/designers
- Create computer generated 3D art work for marketing materials and presentations for the marketing and business development teams as required
- Manage 1-2 projects in an efficient and effective way

Required skills and qualifications:

- Good written and spoken English, additional languages of advantage
- Bachelor's degree or equivalent in a related field (such as design, architecture or CGI), although an architectural background is preferred
- Three years professional experience as a 3D Visualiser; experience in an architectural practice is of advantage
- Proficient user in the following, but not limited to, software applications: 3DS Max, V-Ray, Corona, Substance Painter, Forest Pack, Rail-Clone, Adobe Suite, Rhino, Unreal Engine
- Excellent design and communication skills, confident to communicate at all levels of the organisation and in a culturally diverse environment
- Be able to work under pressure and to tight deadlines
- Be able to use initiative and a creative approach to problem solving
- Demonstrate great attention to detail, which is reflected in the quality of your 3D images

Further information:

- We are offering a 1-year fixed term contract, with the possibility of extending this contract upon successful completion of the first year with the company
- Remuneration: £25-£30K per annum depending on level of experience
- The company offers a number of benefits, such as an annual discretionary bonus incentive scheme, contributory pension scheme, child care vouchers, season ticket loan and a number more.

How to apply:

Please send a copy of your most up-to-date CV and Portfolio in PDF format (PDF no bigger than 5MB) to: careers@designinternational.com. Applications from agents or contractors will be ignored. You must also be eligible to work in the UK.
